before purchasing it in order to gauge whether or not it would be worth my time, and all praised Teenage Mutant Ninja Turtles: The IDW Collection Volume 3:

Great HC, Great Comics and plenty of bonuses By AkshayDel Heavily action-packed and fun-filled, this volume collects perhaps the most intense story-arc of this new series as the action reaches a fever pitch and things look dark for our fabulous foursome. IDW has been killing it with

this fantastic series and these Hardcover are great for fans like me (esp when I didn't have the means to buy the singles at the time of original release...and was honestly avoiding doing it because I was a grumpy fanboy!). This follows the same basic format and quality of the first 2 volumes and I'm fine with that because I like the look and quality of this series of HC's - this latest one being great because it has a lot of bonus content and micro-series alongside the main collected ongoing comics which really adds a lot to the experience and fun. 0 of 0 people found the following review helpful. These just keep getting better By Customer Finally got the last one till the release of the next volume so happy with my purchases. The binding issues have been fixed so no more worries peeps, also to my surprise this and the next volume come with the tmnt annual which im not too sure what it was originally but I recognized the art immediately and knew they were issues and stories taken from the original turtle comics which is just phenomenal. 0 of 0 people found the following review helpful. Collects issues #2128 of the Teenage Mutant Ninja Turtles ongoing series and the Old Hob, Alopex, Karai, Hun, Bebop and Rocksteady, and Shredder Micro-Series one-shots, plus the 2012 Annual.
