Cute and pretty standardBy ChaossphinxIf you like the common style of reverse harem Manga (one girl surrounded by pretty boys), then you will enjoy That Wolf-Boy is mine. It features a girl starting over in a new place in the hopes she will change for the better after a trauma at her old school made her an outcast. In her new school she meets four boys with a mysterious secret. After she realizes she's falling in love with one of them, things become more complicated. It's an enjoyable read and there's nothing wrong with a

classic Japanese romance trope.0 of 0 people found the following review helpful. I like itBy Courtney WilsonI like it but it seems to be kinda slow and kinda drags out a little bit. There needs to be more incidents like when she is being bullied to see that they are becoming closer.2 of 2 people found the following review helpful.
